Dear Mr. Manny Spinola

RE: Product Certification – Product Scope Extension - SANS 1215.

Congratulations on achieving a positive audit result on your “Thermal Stock Brick”. Your product complied to all the requirements of SANS 1215:2008 and this is captured into your current audit pack applicable to your certification of compliance to SANS 1215:2008.

You can add your product with confidence to your scope of products carrying the “CMA CS Mark of Approval”.

Your “permit” of which this product form part was issued on 08 September 2021 and is valid for 3 years. Going forward the product will be included in your future surveillance audits and re-certification as applicable to your SANS 1215 certification.

Well done! Please relay our congratulations to your staff dedicated to delivering superb levels of quality and consistency. Cem Brick Manufactures has identified themselves to be precast concrete producers of stature!

You will receive a second mail explaining the T&C's applicable to using and applying the “Mark of Approval”. Be on the lookout for this and **display your “Mark of Approval” with pride**. Please note the CMA website will also be updated with your certification status. We are looking forward to a long business relationship with you and Cem Brick Manufactures.

Should you have any questions, feel free to contact us at any time.

Regards

CMA CERTIFICATION SERVICES (PTY)LTD

Henry Cockcroft
